

KILLED THE RIPPER IN A DEATH CHAIR

ALLEGED WHITECHAPEL FIEND ELECTROCUTED.

Carl Zahm, Who Was Executed at Sing Sing Monday, Is Declared By His Lawyer to Have Been the Noted Monster Whose Crimes Startled the World.

New York, April 28.—"Jack the Ripper" sat in Sing Sing's death chair Monday and was killed. His lawyer declared that the man executed was the fiend who set the world horror-stricken with his revel of blood in Whitechapel, and who was put out of existence for the murder of a woman.

This remarkable criminal, who was electrocuted for killing Mrs. Johanna Hoffmann, defied the police of all the continents. He murdered when and where he chose. And now no detective is to reap the glory of bringing the worst assassin of the century to his doom. To a lawyer belongs the credit of revealing the probable identity of the man who, as Carl Fiegenbaum, was executed Monday.

As the murderer's body was being carried from the death chair to the autopsy-room, William Sanford Lawton, his counsel, who fought for more than a year and a half to save the life of his miserable client, made a statement, declaring his full belief that Fiegenbaum was "Jack the Ripper," author of many of the Whitechapel murders. And then he told the facts which led to that conclusion. Fiegenbaum, or Zahm, had been all over Europe, and much of this country. He seemed on first acquaintance to be simple-minded, almost imbecile, yet the man was crafty beyond measure. He had means of his own, as was proved by a will he made before his death, yet he always professed extreme poverty. Mrs. Hoffmann, who lived in two miserable rooms, with her son Michael, was very poor. Fiegenbaum hired one of the rooms for the merest pittance, promising to pay when he had secured work. He lived there for two days.

During the following night Michael Hoffmann awoke to find the boarder in the act of cutting his mother's throat. Fiegenbaum ran at him, knife in hand, and the boy sprang out on a window ledge. Fiegenbaum stabbed the woman again, jumped from a rear window into an area, threw away the knife, and escaped.

Mr. Lawton's idea is that he had planned a murder of the "ripper" order, and that the boy's cries prevented him from carrying out his intentions. The man was caught red-handed that night. He was questioned at length through an interpreter, for he professed entire ignorance of English.

Mr. Lawton frequently conversed with Fiegenbaum in English while the man was confined in the Tombs, but on every occasion when anyone else was present—even today, when he declared his innocence to Warden Sage—he demanded the assistance of an interpreter.

Once in a burst of confidence he told his lawyer that he was a victim of the mania to mutilate women, that it was beyond his control at times, and that it was that which had got him into trouble. He said that in the sight of heaven he was innocent, and added: "God will not let me die."

The lawyer was greatly impressed by what the man told him. A little later he thought of the Whitechapel crimes and looked up the dates and selected two. When he saw Fiegenbaum again and was talking with him confidentially, he said: "Carl, were you in London from this date to that one," naming those selected.

"Yes," the prisoner answered, and relapsed into silence. But as time went on the lawyer, in tracing his movements prior to the crime, discovered that Fiegenbaum had never lived in any house which was not in charge of a woman. Mr. Lawton once put the question of the Whitechapel murders to Fiegenbaum, whose reply was that the Lord was responsible for his acts and that to Him only could he confess.

By his will, which he signed "Fiegenbaum," and not "Zahm," the murderer made Warden Sage his executor, bequeathed \$80 to Father Bruder to pay for his burial, and left the rest of his property to his sister, "Magdalene Strohband, widow, in Ganbickelheim, Alzei, Hesse-Darmstadt, Germany." He directed that a house and lot, which he said he owned in Cincinnati, be sold and the proceeds sent to this sister.

NOTE FROM UNCLE SAM.

Balfour Talks of Venezuela—Negotiations Are Under Way.

London, April 28.—The first lord of the treasury, Mr. A. J. Balfour, said in the house of commons Monday that arrangements for a condition of arbitration with respect to Venezuela and other questions are matters which Great Britain and the United States had in view during the negotiations. Mr. Balfour added that the last communication from the United States arrived on Friday last and was now under consideration.

Continuing, Mr. Balfour said that the government would deal with both the general question of arbitration and also with the special question connected with Venezuela, and it was confidently hoped that by patience and tact on both sides a peaceful and satisfactory solution of the matter would be attained.

SHOES OFFERED IN EVIDENCE.

Scott Jackson, on Trial for Murder, Relieved of His Footwear.

Newport, Ky., April 28.—The Scott Jackson murder case was resumed Monday morning. Jackson's appearance was the source of much comment, and the feeling is prevalent that he will break down and make a confession.

Detective Cal Crim was the first witness called. Witness was detailed on the Fort Thomas case by Chief Deitsch of Cincinnati. The witness noticed a lady's footprint in the ground about ten feet from where the body lay. This would sustain the theory that Pearl Bryan was alive and walked to the place where she was murdered. Witness searched Jackson's rooms after his arrest. Found the stockings, which have been identified as Pearl Bryan's, behind Jackson's trunk. Also found the blood-stained cap secreted in a corner of a closet adjoining Jackson's room. Found two pairs ladies' white kid gloves, three ladies' handkerchiefs and a lady's pocketbook in the trunk. These articles have been identified as having belonged to Pearl Bryan.

Harry Hayes, a shoe merchant of Greencastle, sold Pearl Bryan a pair of shoes November 18, 1895. The witness described and identified the shoes found on the Fort Thomas victim as the ones sold to Miss Bryan. The witness sold Jackson a pair of shoes about a year ago. The defendant was requested to remove his shoes, and the witness identified them as the ones Jackson purchased. Colonel Crawford then introduced the shoes in evidence. Colonel Nelson asked what Jackson's shoes had to do with the case, and Crawford replied: "You will find out when the proper time comes."

Will Wood was recalled for further cross-examination by the defense. He admitted that a letter handed him was written by him to Jackson. He went to South Bend February 3, and wrote Jackson another letter. After having read the letters Judge Helm requested all the ladies in the court room to withdraw while the letters were read to the jury. The first one was dated Plymouth, Ind., Feb. 1, and requested Jackson to let him know what had been done, and added: "If you have grown chicken-hearted, you ought to be shot."

KRUEGER REFUSES TO COME.

Invitation to Visit England Is Declined by the Transvaal President.

London, April 28.—The cabinet held a meeting yesterday morning to consider the terms of the reply of President Krueger to the invitation of the secretary of state for the colonies, Mr. Joseph Chamberlain, to visit England. As a result of the discussion which followed Mr. Chamberlain made a statement in the house of commons in the afternoon.

Mr. Chamberlain said that President Krueger's reply to the question must be considered in connection with the communication which had preceded it. The most important point was that the president says that it appears to him wiser not to press the question of his proceeding to England any further at present, but to leave the matter open, especially in view of the coming session of the volksraad and the desirability of his presence at least at a portion of the session, when important measures are to be considered. Under the circumstances, continued Mr. Chamberlain, the government was reluctantly withdrawing its invitation.

WILL ADMIT WOMEN.

Important Statement Made by Rev. David H. Moore.

Cincinnati, Ohio, April 28.—The Rev. David H. Moore, editor of the Christian Advocate, is one of the Cincinnati delegates to the general Methodist Episcopal conference at Cleveland. A reporter asked the Rev. Moore if women would be admitted to the conference, and he replied:

"Of course they will. No doubt about that. We have never admitted that their eligibility depended on the Baltimore-Colorado amendment to the constitution, which was in the nature of an explicit explanation of the meaning of the constitution as it now stands. The general conference being the supreme court with us is competent to pronounce on all such questions. In 1888 the women were excluded by constitution. One general conference cannot bind its successor. This general conference will have jurisdiction over its own constitution."

For Gov. Altgeld and Free Silver.

Mount Sterling, Ill., April 28.—The Brown county democratic primaries were held Saturday, and the central committee met Monday and announced the result. Resolutions were carried demanding free coinage of silver at a ratio of 16 to 1, indorsing the administration of Governor Altgeld, and instructing the delegates for him. Carrollton, Ill., April 28.—The democrats of Calhoun county held their county convention Monday, and selected delegates to the state convention and instructed them for Governor Altgeld and free silver.

McKinley for Gold Standard.

New York, April 28.—At a meeting of the Young Republican club of Brooklyn last night a letter from Senator John Sherman was read. "There can be no doubt as to the opinion of Mr. McKinley on the money question," says Senator Sherman. "He is committed in every form, every speech and otherwise, to the republican policy of maintaining the present gold coin of the United States as the standard

MANY CELEBRATIONS IN HONOR OF GRANT

THE COUNTRY REMEMBERS ITS GREAT SOLDIER.

Demonstrations in Honor of the Hero of Appomattox Are Held in Many Cities—Galena, Ill., Remembers the Day in a Fitting Manner—At Other Places

Galena, Ill., April 28.—The old home of General Grant, and where as a humble tanner he earned his livelihood for many years before the war, paid appropriate tribute to the anniversary of the birth of the "hero of the Appomattox." In previous years the anniversary has been marked by spontaneous enthusiasm and tokens of respect, and the celebration Monday was no exception to the rule. Business was generally suspended, the city in holiday garb and hundreds of visitors from other parts of the state, as well as from across the Iowa border, joined with Galena citizens in the celebration. A large delegation from Chicago arrived about 12 o'clock. The events of the day were ushered in with a parade of citizens, municipal departments, Grand Army and secret and patriotic societies.

Following this was a reunion of the survivors of the Twelfth Regiment of Illinois Volunteers. This was the regiment in which Grant first enlisted. He was offered the captaincy of a company, but declined it, and General A. L. Chetlain, now of Chicago, who was present, was chosen in his place. Jerry Simpson, of Kansas, is also one of the survivors of the Twelfth. The chief feature of the day's programme was the massmeeting in the afternoon in Turner Hall, at which, after patriotic selections by the orchestra and audience, ex-Congressman John C. Black, now United States district attorney for the northern district of Illinois, delivered the oration.

IN OTHER CITIES.

Exercises at the Grant Monument in Riverside Park, New York.

New York, April 28.—Under the auspices of the Grant monument commission appropriate exercises were held Monday at the mausoleum in Riverside park. It had been hoped that the tomb would be in readiness for its final dedication, but this has been found impossible, and the event will not take place until late in the year, and probably not until the anniversary in 1897. It is the intention of the commission to make the final dedication ceremonies the most magnificent the country has ever. One feature is to be a military and naval pageant, representing the blue and the gray, and on a larger scale than anything ever before attempted.

Providence, R. I., April 28.—Appropriate exercises in celebration of Grant's birthday were held under the auspices of the Union League club. At an expenditure of nearly \$28,000 this organization has provided a heroicized bronze statue of the ex-president, which is to occupy the center of the plateau in front of the clubhouse. The bronze form rises sixteen feet from a twenty-foot pedestal of Quincy granite. The face is reproduced from the cast taken just after the general's death. He is represented as dressed in a long double-breasted army coat, with the regulation two rows of brass buttons. On his head is an army hat with cord and tassel, while at his side hangs his sword. The features stand out clear and distinct.

Boston, April 28.—General Longstreet, of Georgia, Grant's great antagonist, was the guest of the Middlesex Club, and the principal speaker at its annual Grant banquet. Others who were invited are Senator-elect Foraker, Governor Bradley of Kentucky, and Charles Emory Smith, editor of the Philadelphia Press.

Philadelphia, April 28.—The Union League celebrated the anniversary of General Grant's birthday with its usual banquet. It had been originally intended to unveil a monument to the memory of the ex-President in Fairmount, but this ceremony has been deferred until next June.

Pittsburg, Pa., April 28.—The tenth annual banquet of the American Republican club in commemoration of the birthday of Gen. Grant was held at the Monongahela house in this city Monday night. Congressman J. P. Dolliver of Iowa was the orator of the evening, and responded to the toast "Grant."

Death of Ex-Judge John W. Houston

Wilmington, Del., April 28.—Ex-Judge John W. Houston, of the Delaware superior court, one of the most noted politicians in the state, died last night at his home in Georgetown. In 1844 Judge Houston was elected to congress by the whigs by a large majority. He was re-elected in 1846 and 1848. Upon his retirement in 1851 he resumed the practice of law. May 4, 1855, he was appointed associate justice of the superior court, and afterward succeeded Judge Farrington as official reporter of the court, in which capacity he published several volumes. In 1880 he was republican candidate for congress, but was defeated.

At Work on a Cabinet.

Paris, April 28.—President Faure summoned M. Meline to the palace of the Elysee Monday and asked him to form a cabinet. M. Meline, it was announced later in the day, informed President Faure that he would give him a reply this morning.

TO END THE DEBATE ON PENSION BILL

HOUSE FORCES ACTION ON THE MEASURE.

Ex-Speaker Crisp Protests Against What He Considers Undue Haste—Senator Morgan's Election Said to Be Invalid—Pacific Railroad Bill Has Been Submitted to House.

Washington, April 28.—The debate on the adoption of a rule brought in by the rules committee in the house Monday for a vote on the Pickler pension bill was rather sensational.

Mr. Henderson, from the committee on rules, at 1:30 p. m. brought in a special order for the consideration of the Pickler pension bill for one and one-half hours under the five minute rule, the previous question then to be considered as ordered on the bill and pending amendments, with provision for a final vote today immediately after reading the journal.

Mr. Crisp (dem., Ga.) characterized the rule as a remarkable one. The practical consequence of the adoption of this rule would be to force the house to vote on the bill without amendment.

Mr. Henderson said he made no disguise of the fact that the purpose of the rule was to bring the bill to a vote. He said the situation in the senate must be taken into consideration and also the president in the white house, and urged all the friends of the old soldiers to stand by the bill as the best that could be written on the statute books at this time.

Mr. Crisp reiterated his statement that the purpose of the bill was to destroy the right of amendment, and followed this with the charge that the bill had been framed, not by the committee on pensions, but by the leaders in control of the house, who had resolved that the house should pass the bill as drawn or nothing.

The rule was adopted, 119 to 88. Thirty-four republicans voted against the adoption of the order. When the vote was announced, on motion of Mr. Cannon, chairman of the appropriation committee, the senate amendments to the sundry civil bill were non-concurred in and the bill sent to conference.

Under the rule adopted the pension bill was taken up for amendment under the five-minute rule.

Mr. Hepburn (rep., Iowa) offered an amendment providing that the pension office should construe the pension laws liberally in the interest of the claimant, and that no claimant should be required to produce proof that would exclude all reasonable doubt, but the claims should be decided in favor of the preponderance of the proof. The amendment was agreed to without division.

Mr. Pickler asked unanimous consent that the vote on the passage be taken at once, saying that the members who were absent could place themselves on record. Objections were made and Mr. Pickler withdrew his request.

CALL MORGAN'S ELECTION INVALID.

Minority Report to the Senate Charges Gross Frauds in Alabama.

Washington, April 28.—Senator Chandler Monday made a supplemental report of the committee on privileges and elections on the Alabama election of 1894. The reports cites the statements made by Senator Allen of Nebraska in his speech in the senate Feb. 11, 1895, charging that 34,000 fraudulent votes were cast for Oates in the fifteen black belt counties, which, being deducted, would overcome Oates' apparent majority and show the election of Kolb by about 7,000 majority. The report also claims that a Kolb legislature was, in fact, elected; that in four black-belt counties two Kolb senators and seven Kolb representatives were chosen, and in fourteen white counties four Kolb senators and twenty-four Kolb representatives were chosen, but that in all these cases the democratic candidates were fraudulently declared elected, making an apparent democratic majority of forty-five in the legislature. Eliminating these frauds, there was, it is asserted, an actual populist and republican majority of twenty-nine in the legislature, making Senator Morgan's election invalid.

Oppose Pacific Railroad Bill.

Washington, April 28.—The minority report on the Pacific railroad bill was submitted to the house Monday by Representative Hubbard of Missouri. It deals exhaustively with the financial conditions of the companies concerned in the proposed funding plan. It argues that the majority bill should not be adopted for three reasons:

1. The committee has not learned enough of the affairs of the debtor companies to be able to tell the house what is best to do.
2. The companies made offers before the committee and are undoubtedly ready to concede terms very much better for the government than those embodied in the bill.
3. The propositions in the bill are neither good nor safe for the government.

To Keep in Line with Japan.

Berlin, April 28.—Russia has ordered seven ironclads and ten cruisers for her Pacific fleet, in view of Japan's extensive naval preparations.

ILLINOIS REPUBLICANS.

Politicians of the State in Great Force at Springfield.

Springfield, Ill., April 28.—The convention Wednesday will be an Illinois republican convention before anything and will nominate John R. Tanner for governor before it takes up any question as to who shall be the candidate for president. That much seems evident.

At midnight last night the conditions among the politicians here indicated that the convention would meet to transact its regular business, and adjourn without having passed resolutions concerning, in any way, any presidential candidate. The arrival of Senator Cullom is said by his friends to have put a new phase on affairs, and the internal disagreements among the gentlemen who have favored McKinley instructions are alleged to have completed the apparent collapse of the project to instruct the delegates-at-large for him.

Senator Cullom was reported as coming to Springfield to withdraw his name, as has been reported several times in the last nine weeks, but the report is false, as the following interview with senator will show:

"I am here," said Senator Cullom, "first, because I am interested in seeing that the Illinois delegation to the national convention will be a friendly one to me. I am in thorough earnest in this manner, and hope that a delegation composed of my friends will be selected next Wednesday. Of course, I would also appreciate instructions for myself, but I will not quarrel with my friends if they think it best to send a friendly delegation uninstructed."

"You have no idea of withdrawing from the race for president?"

"My very presence here is a sufficient answer to all falsehoods that have been circulated about me in that respect for the past few months."

Senator Orville F. Berry, of Carthage, has been selected for permanent chairman of the convention. The McKinley men have not yet decided to oppose him.

John R. Tanner and his friends have agreed on their ticket and this is the way it will come before the convention: For delegates-at-large—John R. Tanner of Clay, Robert W. Patterson of Cook, Joseph W. Fifer of McLean, and William Penn Nixon of Cook. The McKinley people have not as yet completed their ticket for delegates-at-large. George B. Swift of Chicago and Richard J. Oglesby will be two of them. Dr. W. R. Kerr would like the honor, as would Gen. John McNulta and Andrew J. Lester. Martin B. Madden of Cook county will be the temporary chairman of the convention.

The colored representatives here to attend the state convention held a caucus last night and passed resolutions requesting the convention to honor the colored republicans of the state by electing one of their number a delegate-at-large to the national convention. In case the convention cannot see its way clear to comply with this request, the resolution asks that it honor their race by honoring a person who is held in high esteem by the colored republicans with the nomination for secretary of state.

PREACHERS IN HOT DEBATE.

Union Seminary Students Will Be Received by New York Presbytery.

New York, April 28.—The meeting of the New York presbytery Monday for the purpose of voting on the report of the committee on the minutes of the general assembly was a lively session. A year ago the presbytery asked the general assembly for advice in the matter of receiving candidates for the ministry. The general assembly replied that candidates pursuing studies in seminaries respecting whose teaching the general assembly disavows responsibility should not be received.

Dr. John Hall caused a sensation when he said that his idea of what the presbytery should do would be to say in reply to the general assembly: "That the presbytery of New York desires to report respectively to the general assembly that it only receives ministers from other presbyteries or denominations on being satisfied of their acceptance of the standards of the church, and that it is the presbytery's intention to apply the same principles in the preservation of scriptural doctrines to all applicants for license."

The substitute was adopted by a vote of 51 to 47.

MORE VICTIMS OF CYCLONE.

Eleven Reported Killed in Kansas—Twenty-Five Seriously Injured.

Concordia, Kas., April 28.—The cyclone which swept through this section of the state Sunday evening was probably one of the most severe that Kansas has ever experienced. The first victims of the storm were Eli Belthazor and wife, living about a mile east of St. Joseph. The six children were more or less seriously injured and it is thought two of them will die. About a mile further east the home of Julian Tremblay was destroyed and he was killed.

The greatest damage was done south of Clifton. Two farmers, E. P. Peterson and J. S. Haynes, were killed and a number of others whose names could not be learned. At one place a woman and child were killed and at another a 5-year-old boy. The number killed was reported to be eleven, but the list will doubtless be increased. Over twenty-five persons are said to have sustained serious injuries. Over twenty families are rendered homeless by the storm.

Dr. Vrooman Admitted.

Chicago, April 28.—Yesterday a majority of the members of the Chicago presbytery, the Rev. W. H. Reynolds acting as moderator, carried a motion to have Dr. Frank B. Vrooman's name placed on the clerk's roll-book as a member. The uninstalled pastor of the Kenwood church is as much a member of the presbytery as he can be, some say, while others, his opponents, declare that while he has a right to call himself a member and to attend meetings he is not entitled to a vote. At the last meeting of the presbytery Dr. Vrooman was voted, by a majority of 69 to 29, to be worthy admission to the presbytery.

THE ODD FELLOWS' CELEBRATION

Seventy-Fifth Anniversary of the Order Pleasantly Marked Last Night

Seven hundred people helped the local Odd Fellows to mark the seventy-fifth anniversary of that order at the Armory last evening, and the event was one long to be remembered. City Treasurer Fathers acted as master of ceremonies, and Alfred Dewey, B. R. Hilt, S. B. Kenyon, Cyrus Miner and Rev. Dr. Sabin Halsey sat on the platform with him.

Rev. Dr. Halsey was the speaker of the evening and spoke entertainingly of the order. Applause was freely accorded him, and his address pleased his hearers immensely.

The male quartette, consisting of Messrs. William Garbutt, E. M. Church, J. S. Taylor and George G. Paris, contributed several numbers to the programme, and were encored each time. Smith's orchestra furnished the instrumental music, and the overtures and concert numbers were artistically rendered. The programme also included a piano duet by Misses. Ingrid Pfenig and Olive Trambie; a vocal solo by Miss Cora Anderson; a trombone and cornet duet by Joe Mahaney and Al. Kneft; Mrs. May Smith's recitation, "The Life Boat"; a duet by Misses Lottie and Selma Pabst; a violin solo by Miss Mamie Hillabrandt; and the vocal quintette "Henrietta," from the Home Mastodon Minstrel performance, by Masters Arthur Dilzer, Willie Drummond, Ernest Knipp, Volmer Peterson and Fred Baker, with orchestra accompaniment. Miss Sophie Weisend played the accompaniment for Miss Anderson's solo, while Mrs. M. D. Jones officiated at the piano for Miss Hillabrandt. Following the program the audience indulged in a social dance for which Smith's orchestra played. The celebration was a complete success in every way and a credit to the local lodges.

"The Modern Woodman" Speaks of the Coming Picnic in This City.

"The Modern Woodman," published at Springfield, Ill., and the official organ of that order, speaks of the picnic to be held in this city June 10, as follows:

"An enthusiastic delegate meeting was held at Janesville, on April 15, to arrange for the great annual gathering of this association, which will meet this year at Janesville on June 10. There were about one hundred delegates present and all were not only enthusiastic for the great picnic, but brought with them to the meeting glowing reports of the great interest prevailing all over their section for the Modern Woodmen of America. The delegates were dined at the Myers House, then banquetted at five o'clock by the Royal Neighbors, at which time an excellent musical and literary program was rendered and toasts responded to by visiting delegates every man of whom seemed to be a natural born orator. Ex-Governor W. D. Board is the president of the association, but owing to the death of a relative he was unable to be present and O. F. VanGelder was selected to preside over the deliberations of the delegates. The program of the picnic was placed in the hands of Florence Camp No. 3366, of Janesville and they promise a day of rare sports, ball games, boat rides. Foresters drill for prizes, un-uniformed Foresters, a special prize offered by Tuttle, of Elgin, wood-sawing contests, etc. It is expected that Head Consul Northcott, Directors Quackenbush and White, Head Chaplain Formeloe, the editor of the Woodmen and other prominent speakers will be present. A full program will be duly announced. All railroads will give excursion rates and at least 40,000 people will visit Janesville on June 10.

EDGERTON BIBLE CASE THE CAUSE

Supreme Court's Decision Compels the Sending of School Circulars.

It was the supreme court's decision in the famous Edgerton "bible case" which was first tried here, that expressly stated that secular instruction in the public schools was prohibited in Wisconsin, and caused the mailing of Superintendent Emery's circular. All attempts which are being made by partisan democrats to misconstrue the circular into a campaign document of the Bennett law order are harmless shafts, as it is but necessary to read the document to see what its import is as far from a Bennett law poster as can be imagined. The circular is just what it purports to be, an interrogatory as to whether there is any religious instruction being given in the district and country schools of the state. It was called forth in good faith from Mr. Emery by reports from various counties to the effect that unheeding teachers were giving religious instruction in some of the country schools, not knowing that they were thereby doing something which the constitution of Wisconsin, as construed by the supreme court, expressly forbids.

The Bible case decision says that to constitute any school a recipient of public aid it must comply with the laws of the state and the statutes further provide that it is Superintendent Emery's business to see that these laws are enforced. Therefore, it was his duty to discover whether religious instruction was being given in the public schools, and when he received information to the contrary he could not do otherwise than make the inquiry. As will be seen in the circular, he was careful to state that his inquiries affected only the public schools of the state.

THE KEELEY CURE CASE ARGUED

Janesville People Interested in the Milwaukee Test Case.

Rock county people are much interested in the test case in the Milwaukee courts regarding the validity of the Keeley cure law, as this county's action depends largely upon the result of that case. The Milwaukee case was argued yesterday. Attorney Halsey contended that the Keeley institutes at Waukesha and Ripon were subject to the power and visitation of the state board of control, and could not, therefore, be regarded as private institutions. He also maintained that inebriates were committed to their care for treatment, not for a private purpose, but for the public good. The court asked to have briefs submitted on both sides, and took the case under advisement.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, But It Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding.

In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

FOR YOUR PROTECTION—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

THE OFFICIAL CITY PAPER

Entered at the postoffice at Janesville, Wis., as second-class matter.

THIS DAY IN HISTORY.

1710—Thomas Betterton, famous actor, died.

1758—James Monroe, fifth president, born in Westmoreland county, Va.; died 1831. President Monroe in his message of 1823 declared that the American continents must thenceforth not be considered subjects for colonization by European powers, and that European interference with governments in America which declared their independence of European control would be regarded as unfriendly to the United States. This is the original "Monroe doctrine." Not only the then existing republics, but republics which might spring up from European colonies, were to be included in the policy.

1804—A cyclone destroyed the town of Cisco, Tex.; 30 people killed, 40 injured.

1804—The famous old St. Charles hotel burned in New Orleans. Two towns in Venezuela destroyed by an earthquake.

MONROE.

THEY WANT RECIPROCITY.

There is disappointment throughout the country over the report that comes from Washington that the committee on ways and means has determined not to attempt the passage of a reciprocity bill at this session of congress. There was never any legislation upon the statute books of the United States more universally popular in the commercial community, and just now when the home market is overburdened with a surplus and manufacturers are trying to get rid of it abroad, they feel the disastrous effects of the repeal of the reciprocity treaties more than ever.

TOO GOOD TO HOPE FOR.

The Philadelphia Times says if the national democracy sanctions the 16 to 1 folly, "it will not only be defeated by the largest majority ever given against any party in a contested election, but it will have no future." This looks like a reasonable view, and yet the democracy in 1860 committed even a greater blunder than the putting up of a free silver candidate would be. It had a "future" then, but it was very remote. A free silver "break" might defeat the democracy for a dozen years or so, but it would not be safe to postpone its "future" much beyond that period for that single offense.

DEBT AS A BAROMETER.

The United States more than kept pace with Great Britain on debt reduction until about 1893. In the thirty nine years before that Great Britain reduced its public debt \$250,000,000 while the United States, during the twenty six years ending with 1893, reduced its public debt to the extent of \$1,200,000,000. Since the year named democratic rule in this country has accelerated the British reduction, but its effect on our treasury has been singularly unsatisfactory.

A FIELD FOR MR. COOPER.

Congressman Cooper has work before him in England if he succeeds in stopping the adulteration of beer in the United States. England is stirred up over a statement that beer in that country is now made of saccharum, ginger, grains of paradise, poppyheads, dilute vitriol and bi-carbonate of soda. While this is quite elaborate chemically considered, the public insist that they prefer old-fashioned hops and barley.

The most significant fact in the political situation just now is the wheeling of republican state conventions into line on the honest and patriotic side of the money question.

The republican senators have voted in favor of an early adjournment, and so their party will not be to blame if the session is uselessly prolonged.

What a great quantity of work a "good housekeeper" finds to do! There are so many little time-and-strength-taking chores that have no names. If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Excepting in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

THE C. & N. W. ROAD CALLED TO TIME

LOCAL BUSINESS MEN TAKE ACTION.

Demand a New Depot in a Petition By Seventy Patrons of the Line—The Answer Suggested the Vacating of Wall Street to Make Room.

"Build a new passenger depot or we'll retaliate." That, in substance, was the petition-agreement that seventy Janesville business men signed and forwarded to the C. & N. W. officials. "Vacate Wall street and we'll talk business with you," was the answer. The petition was submitted to a meeting of the business men held at the Whist club's rooms. Twenty-two men were present, and W. H. Greenman presided. The petition was read and when it was ready for mailing there were seventy names inscribed thereon. It was skillfully worded, and carried the idea to the company that it would be more profitable to build than to neglect to do so. If a new building was promised, it said in effect, well and good, but if the request was refused—why then the St. Paul company might look for a rush of business.

Want The Street Vacated. The answer came at once. It said that the company could not possibly build this summer and it was doubtful if they could do anything in that line in the future. The piece of land on which the present building is located is much too small, while the vestibule trains are very long. The reply suggested that the vacating of Wall street would help matters materially as the company now own some land that could then be used. The proposition said that if the city would join with hands the company to secure this concession, something might be done—otherwise, the inference was, that chances would be slim. "We took no action in the matter," said a man who was present, but adjourned subject to a call to meet when anything developed.

CARS DOING WELL MR. BLABON SAYS

REPORT WILL BE A VERY FAVORABLE ONE.

Much Depended Upon What Conclusion He Arrived At, As He Is Here Representing His Father—Will Recommend Improvements—Leaves For Home Tomorrow Morning.

The Janesville Street Railway is doing much better than was expected, and deserves some repairs and improvements.

This, in substance, will be the message that Lester Blabon will carry back to his father at Philadelphia.

Mr. Blabon has spent two weeks in looking into the affairs of the street car line, and will leave in the morning for home. The object of Mr. Blabon's visit to this city was to look after the interest of his father, who is the principal stockholder, he being too busy to attend to the matter in person.

What will be done with the line will depend largely on Mr. Blabon's report, so Janesville people will be glad to know that it will be far more favorable than the average citizen might now imagine. The outlook is now the most encouraging since the road was started, but on what the future will show in the way of business, depends largely whether or not certain improvements are to be made. Mr. Blabon this morning stated that for the size of the town the daily receipts were very good, but that the company was not getting wealthy.

Superintendent Cummins said this morning that Mr. Blabon would leave the road entirely with the people, and that if they showed their appreciation of a first class road, the company will do its part to make it such.

Pants Reduced From \$8.00 to \$1.50.

Monday, Rosenfeld sorted out 150 pair of pants that are slightly damaged and that formerly sold for \$7.00 and \$8.00. He has reduced some of them to \$1.50 and the balance must go at \$2.50. They are not badly damaged and are great values at \$1.50 and \$2.50 a pair. Rosenfeld does not deceive the public on goods. He tells them just what they are and intends to do so the balance of his stay in the city. But these pants bargains you must see for yourself.

A MEDICINE CASE BEFORE THE COURT

B. M. CODMAN AND HIS PART- NER FALL OUT.

Former Claims That the Latter Replevined the Stock of the Concern During His Absence, and Litigation Follows—George VanEtta Sued.

The case of F. L. Hull against B. M. Codman occupied the attention of Judge Phelps in the municipal court today. The parties have been conducting a patent medicine business in Milton Junction. Codman was the owner of the business, but sold an interest to Hull for \$300 with the understanding that if the business flourished Hull would invest more. All went well until the trade of the firm took a sudden turn for the worse. Codman claims that while he was in Milwaukee his partner replevined the entire stock, but upon his return, Codman says, he managed to get the share of the goods that he originally owned. The result was that Hull brought suit and the case came here for trial. Codman was formerly in the medicine business here.

The case of Ernest Schlechteng vs. George VanEtta has been on trial all day in the circuit court. Schlechteng sues for \$80 alleged to be due him as wages.

The case of the state of Wisconsin against William Nash, of Milton Junction, who is charged with selling liquor, came up in the municipal court this morning, but on account of the illness of the defendant, it was adjourned until 9 o'clock Thursday morning, May 14.

DR. H. J. WARDLAW,

Not as a Sister.
 "Do I love George?" mused Clara, softly, "or is it simply a sister's affection that I feel for—"
 Just then Bobby burst noisily into the room and interrupted her sweet meditations.
 "Get out of here, you noisy boy!" she shouted, and, seizing him by the arm, she shot him through the door. "Ah, no!" she sighed, as she resumed her interrupted train of thought; "my love for George is not a sister's love. It is something sweeter, purer, higher, holier!"—*Louisville Courier.*

Its Possibilities.
 The Lawyer—I have just been reading about the latest experiments with the X ray. By George, it's wonderful! I wish it could be used in courts of justice. Think what the effect might be if a judge could turn it on a witness and learn whether he was telling the truth or not.
 The Professor—Yes, but think what the effect would be if the jury could turn it on the lawyers.—*Chicago Tribune.*

Ever Young and Fair.
 If we live in thoughts, not years,
 'Tis very plainly seen
 Why many maidens never reach
 Further than sweet sixteen.
 —*Detroit Free Press.*

HE EXPLAINED.
 Mrs. Slimson—Pretty cold weather, isn't it, Bobbie?
 Bobbie Bingo—Yes, but you don't feel it half so much as you will next winter.
 Mrs. Slimson—What makes you think so?
 Bobbie Bingo—'Cause mamma says your sealskin cloak can't possibly last another year.—*Demorest's Magazine.*

A Desperate Youth.
 Nell—Young Spriggins told me that if I rejected him he would go and commit suicide, but I rejected him, just the same.
 Belle—And did he commit suicide?
 Nell—No, but he did the next thing to it. He went and proposed and got himself accepted by that horrid Van Alstyne girl.—*Somerville Journal.*

Pleasant Reminiscences.
 Hostetter McGinnis—Why, Gus, what's the matter with you? Have you had a fight? Your face is all scratched up.
 Gus De Smith—O, it's nothing to speak of. I've just had a little chat with an old flame of mine.—*Texas Siftings.*

Saved by His Tact.
 "Never speak to me again, sir. I will teach you to tell others that the mere sight of my face would make a man climb over a wall."
 "I—er—I meant, of course, if the man was on the other side of the wall."
 (Reconciliation naturally follows.)—*Titbits.*

She Was Interested.
 He—Do you know what became of that paper? There was an article I wanted to read on the need of new coal-stations.
 She—Coal-stations, John? Will they make coal any cheaper?—*Brooklyn Life.*

Always in a Hole.
 Collector—I'm afraid I can't collect that bill, doctor. Grimes is in a hole most of the time.
 Doctor—I thought he had plenty of work?
 Collector—So he has, but he's a grave digger, you know.—*N. Y. World.*

How They Settled.
 "What's this I hear about the plumber and the paperhanger in the next block? Have they been trading houses?"
 "Not exactly. They did a lot of work for each other, and each had to take the other's house for his pay."—*Chicago Tribune.*

Better Left Unsaid.
 Jones—It is astonishing how many suspicious looking characters there are in Dallas.
 Smith—That's so; I've seen four this morning already before I saw you.—*Texas Sifter.*

Our Flexible Language.
 "Great piece of work, this English loafer," remarked the drug-store loafer. "For instance, when we say a woman is fine-looking it is just a complimentary way of saying she is rather coarse."—*Indianapolis Journal.*

Equally Easy.
 Tommy—Ma, when the fire goes out where does it go to?
 Tommy's Ma—How should I know? Why don't you ask where your father goes when he goes out?—*Philadelphia Record.*

Two Points of View.
 Ethel (admiringly)—Oh, Tommy, is that your new dancing-school suit?
 Bobby (sympathizingly)—Never mind, Tommy; you don't look nearly as bad as Billy Barlow does.—*Harper's Bazar.*

Gets a Rest Now.
 "Henpeck has bought his wife a bicycle. Shrewd fellow, that Henpeck."
 "Yes, he gets a rest now. She blows up her tyre."—*Titbits.*

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. C. D. Stevens

If the Baby Is Cutting Teeth
 Be sure and use that old and well-tried remedy Mrs. Winslow's Soothing Syrup for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

For Ocean Steamship Tickets
 Via the Beaver Line from Montreal—uebec to Liverpool, or via any steamship line crossing the Atlantic, at lowest rates for first cabin, second cabin and steerage, both outward and prepaid, apply to P. L. Hinrichs, agent, Chicago, Milwaukee & St. Paul Ry., at Janesville, Wis., or address C. F. Wenham, Gen'l Steamship Agent, 48 Adams St., Chicago, Ill.

Soothing, healing, cleansing. DeWitt's Witch Hazel Salve is the enemy to sores, wounds and piles, which it never fails to cure. Stops itching and burning. Cures chapped lips and cold sores in two or three hours. C. D. Stevens

After a Bargain.
 "A dollar!" she exclaimed, when the clerk had told her the price. "Why, that's exorbitant!"
 "We can't afford to sell it for any less," replied the clerk.

"Well, I know where I can get it for less," she returned, "and I'm too good a business woman to pay more than a thing is worth."

And then she marched out of the store and paid ten cents for car fare to go to a place where she could get the same thing for 99 cents.—*Chicago Evening Post.*

Another View of It.
 Gayboy—But I can't marry you now. Think what it will cost me to wed you!
 Miss Gaygirl—Yes, and think what it will cost you if you don't!—*Town Topics.*
